

A RISK MANAGER'S GUIDE TO WRAPMILARIA

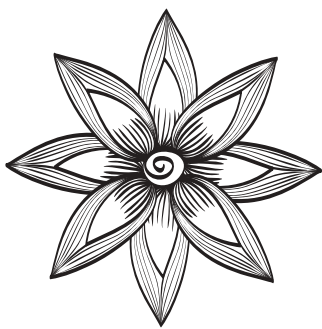

HOW TO ACHIEVE COST SAVINGS AND REDUCED LITIGATION

1. ASK YOURSELF THE FOLLOWING QUESTIONS

Do you have high turnover in your admin group? Do you get frustrated by poor communication, outsourced support, and lack of direct access to senior management? Are service issues, lack of wrap-up expertise and slow response times getting you down?

2. CONTACT CR SOLUTIONS

Fast-acting CR Solutions works with you to give you greater control over your wrap-up. CR Solutions is an administrator specializing exclusively in wrap-ups with proprietary industry leading software. They are clinically proven to maintain your broker relationship while finding the best administration service

3. UNDERSTAND SIDE EFFECTS

Real-time, transparent wrap-up tracking and reporting. The elimination of repetitive tasks and errors while also improving efficiency. Industry's fastest enrollments.

4. TAKE A MOMENT TO EXHALE

Working with CR Solutions significantly increases the chances of a safer construction project and reduced litigation. High client satisfaction and cost savings has also been reported

5. TAKE ACTION TODAY

Left untreated, WRAPMILARIA may result in increased stress, risk of aggravation and difficulty enrolling subcontractors - which can be serious and may lead to exhaustion.

Late Enrollments, Missing Payroll, and Expired Certificates has also been reported. Tell your broker to call CR Solutions if you have stiff muscles and confusion, as this might be a project threatening condition and can become permanent

If this feeling lasts for more than four hours contact
